PERICLASE**

PREMIER PERICLASE LIMITED

GENERAL ENVIRONMENTAL POLICY

Premier Periclase Limited acknowledges its environmental responsibility to the community, to Industry and to its Stakeholders.

We will maintain and operate plant such that it meets with all relevant environmental legislation and regulations.

Comprehensive records will be maintained in support of this.

We will meet our requirements under our M & R proposal, and apply appropriate QA/QC controls to the validation of this data.

We will seek to improve our processes, reducing the environmental impact to a practical minimum by applying current BATNEEC principles and techniques.

All necessary and appropriate resources will be committed to the management and achievement of these aims.

Gerry Teeling
Managing Director
